ZHOURCKH: THE COMEDIC ADVENTURES VOLUME I

To further incentivize the need for justice so the Bluesie-Jazz comedy festival is realized in reasonable time(necessitating a forensic audit), I am offering ZHOURCKH: THE COMEDIC ADVENTURES VOLUME I as a print only receipt book. Your support means the world to me. If you met me at the get together(because only those who care in the least with their support should criticize the other comedian, me) and you show me a verifiable \$50 and over support of the free books for life cause, this print book is yours directly from me. I intend to show love to those who show me love. This too is important to me. This book will not be made available online in ebook or print. Your receipts mean the world, freedom and justice to me. Justice is important to me. I will not stop working hard towards achieving it. May you be blessed in

more ways than I can offer for participating in my cause for justice. I am excited to write the book as much as I am about my own jokes as this differentiating x black woman. So, my work here is to write two sets of comedic acts, one of which I will personally perform. I live for love, truth, knowledge, wisdom and natural reality. Thanks for being a part of it:

Author's Note

If this work connects with you intellectually, spiritually, emotionally, or in any other way personal, it is free. If it doesn't, and you're rather of a different preference and won't ever come back to my works. It is free as well. Graces. I have never sought to run the world or rule it. Not my thing. I do seek to connect with humanity and make cross generational differences with practical, emotional and spiritual intelligence—matters connecting humanity and saving lives like mine against the odds life brings that I do know about intimately. Works are usually accounts of life, nature, science, politics and more in experiential reality. It is a privilege to be alive despite what I have been through. And I don't intend to take this deserved privilege lightly.

The work as well as others like it can be found on my website available free at www.edewlogics.com. To support free works like this and others available on my site, [please support the free books for life cause](#). Thank you.

Justice: a devotion

Our heroes tell us apart. Our hopes tell of our kind. In serene conditions, our actions tell us who we are. A vain undoing may become our mentor, a vision of fancy momentum may cloud our judgements, yet, the evil in a spirit cannot be conjured up. It must show itself in the intricacies of deliberate pursuits.

There is no lateness in me. I am forever in that real condition, the future of natural aims is made true in me. And the plethora of experience beguiles my pain and suffering towards the higher dimensions of intellect and fate. There is a quiet understanding in spirituality that there is no mean abode to the gracious spirit except that imagined by the wicked.

The depth to my truth has no false applause. Its precondition has no hypocrisy. My words cannot feed the dead birds of an outward show. Those feed themselves in cheap pleasures and false glory. Their workings feed their outward glory, their compulsions are effective cascades of deception intercepted in concrete confusion. They dethrone the pain of existence to a miserable play. In everything going to their plan life is hollowed out and dead to its natural path.

My words and deeds design my path. Ceaseless curiosities reserve my hopes, effortful quests for knowledge preserve my mind. Those who seek the enslavement of my soul must tarnish

in scope. In their deepest hopes to supersede my life, they must lose all hope. In the entrenchment of their false glory, they shall meet their deserved tragic ends. Their words shall eventually dry up meaningless. Their wickedness must supersede their plight.

I reckon with the spirit of justice everywhere nature resides and extends, with my life as the falter of my failures, my flaws, with my mind as the victor of my tribulations, the momentum for my successions, the ultimate initiator for my reality. I reckon my faculties in accordance with natural laws, my consciousness in accordance with all possible abstract realities in mathematics and physics. I reckon life and humanity. I reckon others in due merit. I reckon their lives, their labor as theirs and their liberty as indispensable. With every essence of good in me and in the world at large, any undue burden imposed upon my life, my labor, my liberty in reckoning, shall not go unrequited.
