ZHOURCKH: THE COMEDIC ADVENTURES VOLUME I

To further incentivize the need for justice so the Bluesie-Jazz comedy festival is realized in reasonable time(necessitating a forensic audit), I am offering ZHOURCKH: THE COMEDIC ADVENTURES VOLUME I as a print only receipt book. Your support means the world to me. If you met me at the get together(because only those who care in the least with their support should criticize the other comedian, me) and you show me a verifiable \$50 and over support of the free books for life cause, this print book is yours directly from me. I intend to show love to those who show me love. This too is important to me. This book will not be made available online in ebook or print. Your receipts mean the world, freedom and justice to me. Justice is important to me. I will not stop working hard towards achieving it. May you be blessed in

more ways than I can offer for participating in my cause for justice. I am excited to write the book as much as I am about my own jokes as this differentiating x black woman. So, my work here is to write two sets of comedic acts, one of which I will personally perform. I live for love, truth, knowledge, wisdom and natural reality. Thanks for being a part of it:

Author's Note

If this work connects with you intellectually, spiritually, emotionally, or in any other way personal, it is free. If it doesn't, and you're rather of a different preference and won't ever come back to my works. It is free as well. Graces. I have never sought to run the world or rule it. Not my thing. I do seek to connect with humanity and make cross generational differences with practical, emotional and spiritual intelligence—matters connecting humanity and saving lives like mine against the odds life brings that I do know about intimately. Works are usually accounts of life, nature, science, politics and more in experiential reality. It is a privilege to be alive despite what I have been through. And I don't intend to take this deserved privilege lightly.

The work as well as others like it can be found on my website available free at www.edewlogics.com. To support free works like this and others available on my site, [please support the free books for life cause](#). Thank you.

On Ammunitions

There are many reasons one should discourage the assassination of someone like Charlie Kirk, and free speech is not the most important of it. Power and violence is more than always an alternate source for the need for destruction. They should, rationally, be a resource for protection. They always outplay and overplay themselves because they are perpetually easier than intellection. The more someone feels inadequate to you in one capacity, the more they will try to conquer you in an opposing capacity. Something, however ill-equated, holds the tendency to give because of their inadequacies. The worst thing people can be equipped with is ammunition. The worst things entitled ill-adequate people can be equipped with is ammunition. It endangers people who are dangerous to the world and the innocent at the same time. It is advisable to never forget physical guns come from a lack and feed a lack. They are not a natural resource. I am my own gun and ammunition beyond the physical. And I reserve that right. The absolute worst things stupid and evil ill-adequate people can be equipped with, is ammunition. With most people considered mostly stupid, they all have gun rights. It

endangers anyone and everyone. Whatever Charlie Kirk must have said wrong or wrongly, he never killed anyone and he chose intellection as the means of interaction. Ammunition of the ill-adequate killed him. Adg.

The mind is sharper than any weapon conceivable. I am my own gun. I need no artificial weaponry for originality, congeniality or compromise. I have the right to conceal and carry my very own being and intellection as I own my very own being and intellection.

Usually violence may be expressed subtly through actions proximal or distal, in stalking. This Asian man with extremely inadequate knowledge of physics stalks me almost everyday. He talks Yap-Yap nondifferentiable Y(as they are nondifferentiable relative to me and my perspectives as a differentiating x) and I don't understand what he says. But he sure believes he knows what he's doing for the stupidest of reasons. I am not hateful, my readers. I have the right to express my mind as dignifiable, truthfully and dutifully as I am capable. Everyone has that and they may be judged for it. I am, extremely, and harshly. You can choose opposition against my views. Violence in opposition is not a choice. It is utter evil. Nothing will ever stop me from being who I am and have the potential to be. The theft of my life, labor and liberty didn't. Homelessness didn't. So there is no doubt in my mind the man has lost his genetic degenerate damned mind. And it is hate or something like it because hate is a compulsion that stalks its subject. And there is the Caucasian-tending Hispanic being this and nonentity that, perpetually standing in the east where I sit. Do I, could I care if this not-me stance is progressing whatever that thing or nonentity this thing or not? Absolutely not. It is degenerate relative to me. It has no real part of me. I am degenerate relative to it. I have no real part of it. Natural environs can not be stolen (despite there being pretexts for such) and they must be beyond non-relativistic environs. A lot of stupid ill-educated people go around equipped with entitlement and ill-adequacies that are unnatural. And that is very

dangerous. Then you must ask my readers. Whatever compels a hateful person to stalk someone they don't like?
