ZHOURCKH: THE COMEDIC ADVENTURES VOLUME I

To further incentivize the need for justice so the Bluesie-Jazz comedy festival is realized in reasonable time(necessitating a forensic audit), I am offering ZHOURCKH: THE COMEDIC ADVENTURES VOLUME I as a print only receipt book. Your support means the world to me. If you met me at the get together(because only those who care in the least with their support should criticize the other comedian, me) and you show me a verifiable \$50 and over support of the free books for life cause, this print book is yours directly from me. I intend to show love to those who show me love. This too is important to me. This book will not be made available online in ebook or print. Your receipts mean the world, freedom and justice to me. Justice is important to me. I will not stop working hard towards achieving it. May you be blessed in

more ways than I can offer for participating in my cause for justice. I am excited to write the book as much as I am about my own jokes as this differentiating x black woman. So, my work here is to write two sets of comedic acts, one of which I will personally perform. I live for love, truth, knowledge, wisdom and natural reality. Thanks for being a part of it:

Author's Note

If this work connects with you intellectually, spiritually, emotionally, or in any other way personal, it is free. If it doesn't, and you're rather of a different preference and won't ever come back to my works. It is free as well. Graces. I have never sought to run the world or rule it. Not my thing. I do seek to connect with humanity and make cross generational differences with practical, emotional and spiritual intelligence—matters connecting humanity and saving lives like mine against the odds life brings that I do know about intimately. Works are usually accounts of life, nature, science, politics and more in experiential reality. It is a privilege to be alive despite what I have been through. And I don't intend to take this deserved privilege lightly.

The work as well as others like it can be found on my website available free at www.edewlogics.com. To support free works like this and others available on my site, [please support the free books for life cause](#). Thank you.

What is funny?

These two mentally retarded Hispanic females stalk me in shitty places mimicking my work and action to try to get under my skin. This Gangster's paradise allows them. How do I know they are mentally retarded? They talk in lucky streaks of never having to be or work for being in their Spanish language and chuckle at the expense of and relative to this differentiating x black woman they don't know. They stalk me in bathrooms, which I am beginning to detest more and more. Nature had places of peeing before bathrooms. Bathrooms as pristine as they are imagined, were artificially invented by the Caucasian. Imagined pristine spaces are either naturally dangerous embedded state in the atmosphere or artifacts. The one the Caucasian imagines is an artifact.

These two fools discuss unintelligible things, laugh at unimaginable events at the expense of someone whose life, labor and liberty they are trying to steal because worthless thoughtless liberal communist scientists told them they could. Natural, dignifiable and significant science could never tell them that. So at a time when the democrats should be ruling, they find themselves standing at two degenerate junctions on two nonfunctional imaginable legs with no scientific benefits for the next generation of humans rather than animals.

Whatever is funny to these two red assed fools? That AI is coming for their jobs eventually or slowly becoming the red assed sex robots the liberal Caucasian craves for his worthless progression with no natural election or intellection? What is funny? Is it the political state of the nation that is killing people, the state of immigration and the ice assaults from the lawlessness of the democrats? While I am trying to involve human and natural science for the human generation of tomorrow

rather than animals; ensuring that people like me don't suffer in homelessness for no fault of their own and because of their race, what do the democrats find funny?

Least to say, may those who steal my life, labor and liberty for the purposes of trivial pleasures, evil, harm and racist toxic science never see their harm, destruction and catastrophe coming. You can't encourage sham and expect graves. May their evil endeavors betray them as they did the democrats who don't know where they are coming from and where they are going at this point. The democrats can easily fool the young and stupid by making them believe what is opposing is wrong and harmful. What they lack foundationally and functionally is what must prevail in the generation to come—what is real, true, natural and human. Their foundation is a catastrophe in the way of such virtues. When you pick the wrong enemy to persecute, you pick an unknown, ridiculing fate for your future. My readers, what is funny?
