ZHOURCKH: THE COMEDIC ADVENTURES VOLUME I

To further incentivize the need for justice so the Bluesie-Jazz comedy festival is realized in reasonable time(necessitating a forensic audit), I am offering ZHOURCKH: THE COMEDIC ADVENTURES VOLUME I as a print only receipt book. Your support means the world to me. If you met me at the get together(because only those who care in the least with their support should criticize the other comedian, me) and you show me a verifiable \$50 and over support of the free books for life cause, this print book is yours directly from me. I intend to show love to those who show me love. This too is important to me. This book will not be made available online in ebook or print. Your receipts mean the world, freedom and justice to me. Justice is important to me. I will not stop working hard towards achieving it. May you be blessed in

more ways than I can offer for participating in my cause for justice. I am excited to write the book as much as I am about my own jokes as this differentiating x black woman. So, my work here is to write two sets of comedic acts, one of which I will personally perform. I live for love, truth, knowledge, wisdom and natural reality. Thanks for being a part of it:

Author's Note

If this work connects with you intellectually, spiritually, emotionally, or in any other way personal, it is free. If it doesn't, and you're rather of a different preference and won't ever come back to my works. It is free as well. Graces. I have never sought to run the world or rule it. Not my thing. I do seek to connect with humanity and make cross generational differences with practical, emotional and spiritual intelligence—matters connecting humanity and saving lives like mine against the odds life brings that I do know about intimately. Works are usually accounts of life, nature, science, politics and more in experiential reality. It is a privilege to be alive despite what I have been through. And I don't intend to take this deserved privilege lightly.

The work as well as others like it can be found on my website available free at www.edewlogics.com. To support free works like this and others available on my site, [please support the free books for life cause](#). Thank you.

Intellectual Actions

The virtue of thoughts is in intellectual actions, the cumulative vectorization of which exposes the nature of our being. For worldly materialistic people are enslaved to the dictates of money and luxury. And the accumulative dispositions of these demean their character, destroying the worthy essences of their being. It is the dictates of the new world order that character is a subservient means to an end. They have no steady demeanor, no constancy of virtues or states. Their mistakes are never mistakes but performances—something ill-apparent is perpetually displayed.

My weaknesses travel with me in their transformative states to support the strength of my spirit. For I have traveled to the house of death to embrace its edges and found death's virtue to be in the remembrance of a steadfast and potent character. The fortitude of being detailed in thoughts and humane intellectual actions are engrained in my being. I insist on the potency of every moment in cultivated and true intuitive thoughts. I insist on every moment of thoughts never exhibited for the superficial show of the moment but on the humane cultivation of humanity within my time and beyond it. I lift my spirit against the wicked manifest and extemporaneous effects of superficiality.

My weaknesses are in the same domain as my strength, for I will not flail, flagellate, toss or thrash about like some slaughter to the surficial one dimensionality of the apparent. My potency remains with me, my weaknesses travel for the subtle transformation of timely effects. I am causation. I have no means nor do I desire to destroy effects and weaknesses.

The potency of my thoughts is in my intellectual actions.

I imbued my thoughts with spiritual efficiency—that no skepticism of frivolous effects will supercede their potency. For successes have their popular origins and the similarities between them do not dissuade their bearings. There is a large presence for superfluous entities. And little for the potency in the convictions of truth and decency. The standards of the trenches are never far from the falsehood of gigantic surpluses. So the ill-oriented are always far beyond their expected normalization.

The equations of quality will not move the needle for quantities. What superinduces quality is not a necessary qualifier for quantity. A weak reliability cannot summon the great expectation of spiritual certainty. In our moral continuity, we gain convictions that align the true nature of our character over time. We always retire to ourselves. Our true natures befall and optimize us. Cause and effects are not separable in deeds for the symptoms of our illnesses never leave us behind except in death. Intellectual thoughts are subjective and made powerful through a dedicated truthful nature. Death is a severing devoid of the avoidant equivocation of truth—the ultimate subjective.

Through my thoughts I will be spiritual. Through my suffering and persecutions I am spiritual. Through my thoughts I invite goodness and decency to me in kind wherever they are in the world. My humanity and spirituality I expose so all the hate and are vile in the path of my becoming shall see me prosper in ways unexpected, in the ways of the spirit. Those who steal life, labor and liberty must be conquered.
